

Moving In & Moving Out

Things to keep in mind or get in order before you move into your new place and for when you are preparing to move out to make things easier.

x Pay the security deposit and first month's rent before moving in. You can usually get the keys 1-2 days after moving in.

x Schedule a complete move-in inspection with the landlord or property manager. Document the condition of the property. Make sure you get a copy of the inspection report.

x If there are any issues with the property, report them immediately. Repair arrangements can be made.

x If you have any issues with the landlord or property manager, report them immediately.

o If you have any issues with the landlord or property manager, report them immediately.
